Date

8th & 9th August 2026

Venue

Auditorium, KVG MCH, Sullia

K.V.G. MEDICAL COLLEGE & HOSPITAL

KVGMCH Campus

KVG Medical College & Hospital is located at Kurunjibhag, Sullia. Sullia is a city in Dakshina Kannada District of Karnataka State. It is the 3rd largest and fast growing city of Dakshina Kannada District. Late Dr. Kurunji Venkatramana Gowda, Founder President of the Academy of Liberal Education (R), Sullia, D.K., founded KVG Medical College & Hospital in 2002 with the goal of developing world-class professionals in the specialized field of Medical Sciences. The Institute is affiliated with Rajiv Gandhi University of Health Sciences, Bangalore and is accredited by the National Medical Commission in New Delhi (erstwhile MCI). KVGMCH has 150 undergraduate seats and 81 postgraduate seats available across all departments. It is rapidly developing in order to expand both teaching and hospital services. It is a committed organization working to enhance people's lives by providing holistic health care, particularly in rural areas.

We have dedicated faculty members with the necessary qualifications to achieve both academic and professional goals. We maintain cutting-edge learning tools that serve as a key springboard for students to make significant academic progress. Teachers aim to improve students' thinking skills and assist them in mastering subject matter. Interactive learning incorporates pedagogical, psychological, and didactic elements.

We encourage students to expand their learning perspective through programmes that foster professional development. By getting certificates from NABH, NABL, NAAC, and other organizations, we endeavor to attain and maintain correct standards.

Warm regards
